Organized

Special Lectures on

"A NEW LOOK INTO MATHEMATICS"

And

"IMPORTANCE OF MATHEMATICS"

On

4th JANUARY 2020

REPORT

Special lectures are an inherent part of our college for the benefit of the students. On the same line, the Department of Mathematics organized one day special lecture on 4th January 2020 on occasion of "**NATIONAL MATHEMATICS DAY**"

TOPIC AND SPEAKERS:

1. "**A NEW LOOK INTO MATHEMATICS**" by Dr. S.B. Sathyanarayana,
Department of Mathematics, Vijaya College, R.V. Road, Bengaluru.
2. "**IMPORTANCE OF MATHEMATICS**" by Dr. M.C. Mahesh Kumar,
Department of Mathematics, K.R. Puram, Government College, Bengaluru.

Inauguration was held at 10:00am. The program started with an invocation song. Professor P. Sundramma, HOD of Department of Mathematics welcomed the gathering. Dr. A. H. Rama Rao, President, NES of Karnataka presided over the function. In his inaugural address he said that Mathematics is the mother of all sciences and it makes our life orderly and he also added some words about Srinivasa Ramanujan and his works. All the dignitaries on the dais inaugurated the program by presenting the slides. At the end of inaugural program Professor P. Sundramma thanked the gathering.

First session of special lecture was given by Dr. S.B. Sathyanarayana. He gave elaborated speech on how Mathematics is used in real life. He gave information about movie of Srinivasa Ramanujan **“THE MAN WHO KNEW INFINITY”** directed by Matthew Brown. The film was based on the book written by Robert Kanigel. He then explained how Calculus, Algebra, Geometry and Differential Equations are used in real life. At the end he gave detailed idea about different higher education courses and research studies offered for B.Sc graduates in various distinguished institutions such as TIFR, IISc along with scholarship.

Second session of special lecture was given by Dr. M.C. Mahesh Kumar. He gave detailed information about the life history of Srinivasa Ramanujan and how intelligent he was. He explained about Ramanujan's number 1729, Magic Square, Fibonacci sequence in flowers, how Calculus is used in basketball. He also explained that Convolution Theorem is used in Crime detection to convert blur photo into clear photo. He gave information about the use of Mathematics in different subjects like Physics, Biology etc.

The program ended with vote of thanks.
